

Backcountry Pkg.

249000Yen/person

Rate based on 6 participants.

New this season, our backcountry package offers an opportunity to truly get off the beaten path and into Hokkaido's legendary backcountry. The focus is still on getting as many powder turns as possible but equipped with a qualified backcountry guide and a full set of touring equipment our options are limitless.

All of the resorts visited on this trip offer great backcountry ski terrain along with spectacular inbound, off piste areas. This means that depending on the weather we can decide on the amount of hiking versus lift accessed skiing. If we're dealing with snowy, white out conditions chances are the inbounds riding is the place to be; alternatively, if it's bluebird and hasn't snowed for a few days - we'll get the goods beyond the ropes.

Itinerary

- Day 1: Airport transfer from Chitose to Niseko.
- Day 2: Guided Niseko Back Bowls Tour.
